THE WAY THE

SYMBIO-HARMONIZER WORKS

In our technologies, frequencies and information patterns are modulated on special carrier materials. These make available suitable information for the organism. The regulatory capability of the organisms is promoted and the negative biological effects are countered. The pathogenic (disease-causing) information is fully harmonized on a subtle oscillation level.

If the carrier of the information, that is, the SYMBIO-HARMONIZER in question is attached to a power circuit or a water pipe, then a bioenergetic field is created. This field passes on the ingrained information, the frequencies and oscillations to the power circuit and water system and changes the existing field of activity. This means the SYMBIO-HARMONIZER is a “more attractive” resonance body than the human body. The incoming frequencies resonate together with the frequencies installed in the SYMBIO-HARMONIZER.

This means the body no longer reacts to the digital, foreign frequencies. In such a way the body is less burdened and we feel more refreshed and more resilient.

COMFORT

SYMBIO-HARMONIZER COMFORT

At home in many houses

The standard device for rooms, homes and businesses. Standard unit up to 500 sq. m. Improves the air indoors, reducing the amount of fine dust (larger units and special requirements on request).

Effect: The SYMBIO-HARMONIZER COMFORT harmonises the debilitating effects of low and high-frequency fields. External interference from WLAN, areas of geopathic stress, stress from plastics and distortions of the earth's magnetic field caused by steel-reinforced concrete can also all be harmonised. The air indoors is noticeably improved and you will feel fresher and better.

There is no change in the strength of the field, only to the negative information contained.

Where to use: Electric socket - Choose a wall socket you normally don't use, no multi-point extension or adaptors. Your SYMBIO-HARMONIZER COMFORT should not be removed again unless you are moving home.

Where to use: Fuse boxes - Simply attach after the input fuse. Do not remove – except when moving house.

Extract:

„Positive and thus beneficial effects on the vitality and regeneration of connective tissue cells of the skin, whereby wound healing processes were considerably accelerated.“
- dartschSCIENTIFIC GmbH

Prof. Dr. Peter C. Dartsch

„A very significant reduction, particularly of the air particle fractions 0,3 µm, 0,5 µm and 1 µm. The reductions vary between 73% and 82%.“ - RECON – Research and Consulting

WATER

SYMBIO-HARMONIZER WATER

Fresh and easy

You can look forward to living, harmonized water. It stimulates your organism and gently detoxifies. Your water at home will be softer, fresher and gentler.

Where to use: Simply mount on the main water inlet pipe. If this is not possible, then position it behind the water meter inside your property or directly under the wash basin on the hot and cold water inlet.

Change of residence: In the case of a change of residence it can be taken easily and be reused.

Except:

...“Water harmonized by the SYMBIO-HARMONIZER Water has a ph-value of 7.47 (value without Harmonizer: 7.10). In addition, the reductionn potential (rh2) is decreased by 1.5. Both verify the detoxification effect of the harmonised water“...

MOBILE

SYMBIO-HARMONIZER MOBILE

Risk-free telephone calls

Now you can use modern technology without any risks; the Harmonizer Mobile will help you to do this. Negative subtle vibrations are transformed into harmonising information that the body can tolerate.

We do not change the strength of the field; we change the subtle energy.

Where to use: Suitable for all cell phones, telephones, Wlan Routers and Bluetooth devices.

Installation: Simply stick the SYMBIO-HARMONIZER MOBILE onto the device to be harmonised. The MOBILE then creates a protective field around it. The special foil consists of several layers containing special glass spheres, resins and synthetic material laminates. These particular materials have been processed and permanently characterised by the SYMBIO-HARMONIZER-specific frequencies.

CAR

SYMBIO-HARMONIZER CAR

Well-being as standard - Standard size for all cars, lorries, motor homes, electric cars and hybrids. In a vehicle you are constantly surrounded by the vibrations caused by technology. These are produced by the countless devices that are built into modern vehicles, such as Sat Navs, radio, Bluetooth and micro-processors. Furthermore, there are several kilometres of cable in today's cars.

Wirkung: Reach your destination without being affected by the debilitating information produced by electromagnetic fields in your vehicle. The amount of fine dust particles in your vehicle's interior will be reduced. You will feel fresher and less tired on long car journeys.

There is no change to the strength of the field in the car's interior, but the technical frequencies are harmonised.

Where to use: The SYMBIO-HARMONIZER CAR is attached to the vehicle's battery or the steering column.

Vehicle change If you change your vehicle, you can carry it easily and use it again.

ELECTROSMOG VISIBLE

HOW DAMAGING IS ELECTROSMOG?

If one considers electrosmog physically, then it is an unhealthy cocktail from the almost static magnetic field of the Earth and the ever more numerous radio and power fields. A suitable representation of this we can find in nature when differing layers of air hit each other: They overlay one another and there occurs something completely new. The consequences are possibly violent storms with huge destructive powers. These natural phenomena can also be transferred onto energetic fields and/or onto electrosmog.

If the Earth's magnetic field, the electrical and magnetic domestic power field as well as the rapid radio waves (mobile communications, WLAN, etc.) overlay each other, then the magnetic flux lines are changed and interferences are formed as well as new energy potentials. Our cell system reacts to these physical impulses.

It is therefore important to receive the information via the direct energetic surroundings: at the sleeping place, in the living and working areas as well as in the car. It is only then possible to discover stress features or illness symptoms, and to avoid them.

CARD

SYMBIO-HARMONIZER CARD

Pleasure with no regrets

A healthy diet is important for all of us. It gives the body energy and helps ensure our metabolism is optimised. Today an increasing number of people are intolerant of certain foods. Pollution and chemicals are increasingly the cause of these allergies. Our prosperity produces a great deal of refuse that then disappears from view. But it is then returned via groundwater, rain, rubbish inflit and plants and reappears in the air we breathe and the foods we eat.

How to use: With the SYMBIO-HARMONIZER CARD, you can harmonise your food and beverages in less than 90 seconds.

This won't change your food; it changes the information field around your food.

Take the taste test. Be surprised. It's quite simple. Put a glass of coke, coffee or lemon concentrate on the card for 90 seconds. After 90 seconds, take a sip of the harmonised beverage and then immediately taste the beverage that was not on the card.

Attention: The SYMBIO-HARMONIZER CARD, works not through aluminium. That means whatever you like to harmonize should not be packed in aluminium.

TO GO

SYMBIO-HARMONIZER TO GO

A biophysical protective shield

The SYMBIO-HARMONIZER TO GO is the optimum biophysical protection shield resisting the burdens of life in today's world, such as for instance nanoparticles, squalene, chemtrails, nagalase in vaccination serums, glyphosate and other chemical agents and frequencies with which we are confronted. In addition, it biophysically protects us from HAARP (High Frequency Active Auroral Research Program), extinguishes foreign digital noise signals and acts against tiredness.

Caution: The SYMBIO-HARMONIZER TO GO is harmonious in combination with Pend or Reso.

Application: Simply place it in your trouser pocket, breast pocket or handbag in order to wear it on your body. It functions on a permanent basis within a radius of two metres.

Size: Size 5 cm x 4 cm

RESO/PEND

SYMBIO-HARMONIZER RESO/PEND

Stay balanced

The Reso strengthens the bioenergetic balance of the body's cells. It rebalances the subtle polarity of the body and has an additional balancing effect on the chakras and the meridian system. It helps with allergies and intolerances, but is not intended in any way to replace a visit to a doctor specialized in this field.

Power to take with you

The SYMBIO-HARMONIZER PEND offers you increased energy and greater balance outside the area covered by your SYMBIO-HARMONIZER. You can adjust better to your environment and its effect on you. The polarity of your body is balanced and this has a positive effect on your energy balance.

Please Note: Do not use the SYMBIO-HARMONIZER RESO and the PEND together as this may cause interference. The RESO is not a replacement for the SYMBIO-HARMONIZER COMFORT.

Where to use: Wear the RESO/PEND as a pendant. Ideal to carry with you.

Size: 2,5 cm of diameter
