

ZERTIFIKAT - CERTIFICATE

Dartsch Scientific GmbH
Institut für zellbiologische Testsysteme

herewith certifies that the device named

Harmonizer Comfort

manufactured and distributed by

Symbioceuticals-Harmonizer GmbH, A-5082 Grödig, Austria

has been tested for its beneficial effects by using tests with cultivated cells (“in vitro”).

Results

Our tests have been performed with cultivated connective tissue cells (L-929) and cells of the primary unspecific defense (functional neutrophils) and showed a statistically significant stimulation of cell vitality, cell regeneration/wound healing and metabolic activity due to the use of Harmonizer Comfort. Thus, the use of the device can be strongly recommended for the improvement and maintenance of the body's health, function and performance.

Schongau – July 10, 2016
